## **Devolutions' VP of Business Solutions Maurice Côté Interviewed by Safety Detectives**

*Devolutions*

---

**NEW INTERVIEW WITH SAFETY  
DETECTIVES**

---

Our VP of Business Solutions ([and frequent blogger](#)), Maurice Côté, has been featured in a new interview with **acclaimed cybersecurity product evaluation firm Safety Detectives.**

In the interview, conducted by Safety Detectives' Content Manager, Writer & Editor [Aviva Zacks](#), Maurice discussed:

- His background and experience in the cybersecurity field
- Devolutions' flagship products
- The verticals that rely on Devolutions' products
- What sets Devolutions apart from its competitors
- Some of today's most dangerous cyber threats
- How cybersecurity is likely to change due to the COVID-19 pandemic

## About Safety Detectives

Safety Detectives is an independent team of online security experts who conduct rigorous tests of various cybersecurity products. They also publish unbiased reviews of core/specific features, ease-of-use and setup, plans and pricing, and customer service. Their goal is to evaluate whether or not a company lives up to its marketing claims. **More details on Safety Detectives' mission and testing methodology is available [here](#).**
